March 16, 2006

On behalf of North Broward Preparatory School, I'd like to thank you for facilitating such a wonderful educational and fun-filled day for our high school students at Boomers last week.

The business / organizational overview was very insightful and helped the students to understand the various aspects of running a large, diverse Entertainment business. The budget exercise was also very useful towards helping them to understand the amount of effort and analysis required to calculate a monthly, quarterly, or yearly budget.

The roller coaster business overview was very interesting, as was the technical description of the mechanical components and operation involved in running a roller coaster.

The students enjoyed the lunch provided, and had a great time going on the roller coaster, riding the go-carts, playing miniature golf, and spending a significant amount of time in the game room.

Overall, it was a wonderful experience and a fantastic learning opportunity for the students, and we appreciate all the planning you collectively put into it.

Thanks again for taking the time to provide a very worthwhile educational and enjoyable trip to Boomers. We hope to return next year, for a similar experience.

Sincerely,

A handwritten signature in cursive script that reads "Sharon O'Connor".
